WHO WE ARE.

Els Delai started in Figueres in 2011 as a purist duo of urban Catalan rumba. Today they are a six-piece band with tenora and trombone: **the sound of the cobla brought into the rumba.**

Two albums, *Pas de por* and *Alchímia*, with songs that have become party anthems in Vallespir and Roussillon.

Festive, urban music sung in Catalan, that gets people dancing on both sides of the border.

THE SHOW.

Ninety minutes, in a single set, made for the town square: the band's own songs mixed with the great classics of rumba and Latin music that everybody sings along to.

For town festivals, music festivals and large stages. For audiences of all ages.
